About AssurAcc

AssurAcc is a professional services firm that offers a unique combination of 'Big 4' and industry experience to our clients with a hands-on approach. We specialise in:

- Financial Reporting (FAR)
- Risk & Assurance (RAS)
- M&A Support (MAS)

Our clients range from large multinational PLCs to owner-managed SMEs. Our vision however is consistent by providing organisations with market-leading quality combined with a tailored approach to service their needs.

Our people are our asset, and their well-being shapes the success of our business and the value we can add to others.

We are looking to expand our team to service our growth by bringing in a motivated and career-driven candidate to join us.

The role will span across our service lines, exposing the candidate to a variety of high profile projects across a range of industries and giving an insight into the key challenges that businesses face.

There is a flat organisational structure allowing the candidate to have direct exposure to and mentoring from senior team members. This extends to client interaction where the candidate will be involved with clients of varying levels of experience and seniority.

Why work at AssurAcc?

- Exposure to wide variety of clients, ranging from £10m to £2bn+ turnover
- Obtain a professional qualification (ACA) from an ICAEW authorised training employer
- Work across different service lines (FAR/RAS/MAS)
- Growing firm with entrepreneurial atmosphere
- Exposure to senior stakeholders
- Career progression and personal development
- Become an all-rounded business professional
- Supportive and friendly culture to get the best out of you!

Role description

- Statutory accounts preparation using accounts production software (Digita/IRIS)
- Analysing financial data
- Special consulting projects
- Appraising the effectiveness of clients' financial systems
- Performing internal audit testing
- Documenting processes and controls
- Supporting business integration

Qualifications/experience

- AAT qualified/part qualified or University graduate

Personal attributes

- Self-starter
- Flexible team player
- Excellent attention to detail
- Good oral and written communication skills
- Strong Microsoft Office skills i.e. Excel/Word/PowerPoint
- Ability to work in a fast-paced, high-pressure environment
- Deadline, results and client focused
- Establishing and sustaining effective working relationships with clients and colleagues
